About this data

- Ordered – Total doses delivered to sites. Based on logistics provider data. This figure includes doses allocated for administration in the coming week.
- Available – total doses that could have been administered to date, less doses re-distributed from States & Territories to Primary Care or Aged Care & Disability (i.e. does not include those deliveries recently received, and intended for use in the coming week).
- Administered – Doses administered as at 12 December 2021.
- The dose utilisation is calculated based on the total doses administered and a small % wastage in line with international standards in relation to total available doses.
- For Aged Care & Disability, the doses available for administration is for the full period (Weeks 1-42).
- Aged Care & Disability utilisation is not provided as the in-reach rollout is demand-based, with vaccines ordered based on resident numbers.
