COVID-19 outbreaks in Australian residential aged care facilities

National snapshot

As at 5:00pm 28 January 2022 there are 23,900 active cases of COVID-19 related to aged care across 1,261 residential aged care facilities.

Table 1: Aged Care COVID-19 data as at 1700 of 27 January 2022[1]

Active outbreaks	1,261
Resident cases associated with active outbreaks	9,643
Staff cases associated with active outbreaks	14,257
Deaths since July 2021	657 [2] [3]
Total number of residential aged care facilities that have had an outbreak	1,952
Total number of outbreaks at residential aged care facilities	2,616
Number of residential aged care facilities with resolved outbreaks	824 (1,123 outbreaks closed)
Total resident cases	13,998
Total staff cases	16,773

[1] Includes transition care
[2] There were 282 deaths in 2021 and, as at 27 January 2022 389 in 2022.
[3] In New South Wales, COVID-19 death is defined as a death in a confirmed case unless there is a clear alternative cause of death that cannot be related to COVID-19. There should be no period of complete recovery from COVID-19 between illness and death. The Victorian Department of Health and Human Services defines a COVID death as any death that occurs within 28 days of a positive COVID test result.

Analysis

Current situation in Australia

Joint arrangements are in place in all states and territories with active outbreak sites to support facilities with outbreaks and additional support for State emergency operation centres is being provided as the need arises. In Victoria, the Victorian Aged Care Response Centre is also fully operational, with Commonwealth and Victorian Government officials working closely together in a coordinated effort to respond to aged care outbreaks across the state.

As at 12:00 hrs 28 January 2022 there has been a total of 1,816,597 cases of COVID-19 reported, including 382,997 active cases and 3,402 deaths in Australia.

As at 28 January 2022 there are:

- 1,261 active outbreaks in residential aged care facilities nationally – 555 in NSW, 296 in Victoria, 149 in SA, 220 in QLD, 17 in TAS, 4 in the NT, and 20 in the ACT.

- 9,643 residents and 14,257 staff cases in verifiable active outbreaks.
    - Of the residents, 4,740 are in NSW, 1,891 in Victoria, 1,023 in SA, 1,844 in QLD, 69 in TAS, 19 in the NT and 57 in the ACT.
    - Of the staff, 6,356 are in NSW, 2,780 in Victoria, 1,523 in SA, 3,220 in QLD, 201 in TAS, 19 in NT and 158 in the ACT.

- 389 deaths have been reported in 2022 (a total of 1,356 since beginning of pandemic: 685 in 2020; 282 in 2021 and 389 in 2022).

Case numbers and numbers of deaths are dependent upon reporting from facilities and validation of deaths from state and territory governments. In some cases this may be delayed, reflecting case numbers reported during a period rather than necessarily occurring during this period.

Determining cause of death rests with the States and Territories. In many cases where the resident has comorbidities, confirming a COVID death may take time and be impacted by findings from coronial inquiries. Reported COVID deaths are subject to change following these inquiries.

Further investigations are underway with State and Territory Governments to confirm 2021 and 2022 numbers reflect official and agreed deaths data.

Figure 1: Number of daily reported COVID-19 cases in Australian residential aged care Facilities overlayed with national locally acquired cases[4]

June 2020 to October 2020

---
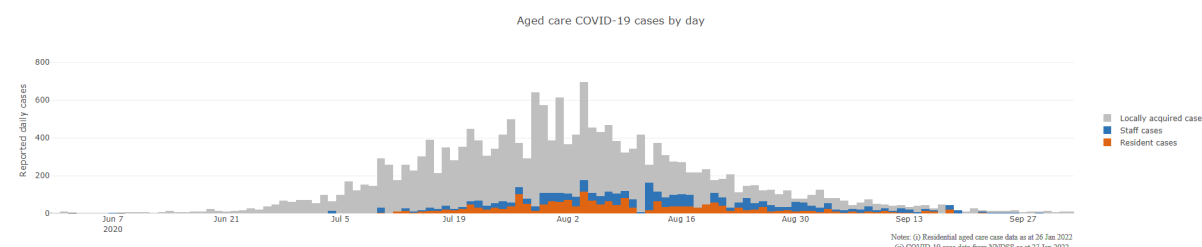

4 National daily cases sourced from NNDSS data as at 16 December 2021 and are filtered to locally acquired cases. Case numbers reflect the date of reporting which may differ to diagnosis date. Residential aged care facility staff and resident data sourced from the Department of Health Aged Care COVID Liaison Team. Totals reflect the date of case report and may be affected by delayed reporting.

'RACF' refers to cases in residential aged care facilities (staff and residents)

International comparisons

During the COVID-19 pandemic, no country has been able to avoid outbreaks or deaths in residential aged care when there has been widespread community transmission.

The Australian death rate is 0.71 per cent (7.1 in 1,000) against the total number of residential aged care beds across the country.

By comparison, Canada has experienced over 12 times the number of deaths in care homes than Australia as at 26 January 2022.

- As at 26 January 2022, Canada had experienced 32,443 deaths. This includes 16,042 deaths at residential in care homes (or 49 per cent).

- 57 per cent of all aged care homes in Canada have had reported cases of COVID-19 in residents or staff (compared to 73 per cent in Australia).

Workforce in active residential aged care outbreaks

As at 28 January 2022, workforce surge staff have filled 78,446 shifts in aged care services impacted by COVID-19, these shifts include roles for GPs, nurses, care workers, allied health workers, executive and ancillary staff. This includes:

Table 2: Workforce resources supplied to residential aged care facilities

Agency	Resources Supplied (as at 28 January 2022)
State and NACER (National Aged Care Emergency	Tasmanian Government: 7 clinical and 2 support staff.

3

Agency	Resources Supplied (as at 28 January 2022)
Response) Teams	Western Australian Government: 19 clinical personnel and 4 support staff.
	South Australian Government: 18 clinical personnel and 4 support staff.
	12 NACER teams (70 personnel) have been deployed.
	The deployment of State and NACER teams is now complete.
Recruitment, Consulting, and Staffing Association (RCSA)	Staff supplied to fill 42,683 shifts.
Healthcare Australia	Staff supplied filled 6,889 shifts for workforce surge and 2,295 shifts for NACER teams.
Mable	Supplied 130 staff to fill 2,711 shifts.
Aspen Medical	14,531 shifts filled, including clinical first responder deployments.
Health X	Supplied 94 staff to fill 6,604 shifts.
Torrens Health	Supplied 2,714 shifts in surge workforce roles.
Residential Aged Care Visitation Assistant (RACVA)	RACVAs completed 2,733 shifts.

Provision of personal protective equipment (PPE)

A range of resources and online training on the use of PPE is available on the Department's website for aged care workers.

Since March 2020, the Commonwealth Government has been working with state and territory governments to ensure aged care facilities have sufficient PPE. PPE is dispatched both directly from the National Medical Stockpile (NMS) and by jurisdictions on the NMS' behalf, depending on the specific circumstances.

As at 27 January 2022, the NMS has provided aged care facilities with approximately:

- 35.4 million masks
- 14.1 million gowns
- 36.2 million gloves
- 11.5 million goggles and face shields
- 130,000 bottles of hand sanitiser

Testing of aged care residents and staff

Rapid Antigen Testing for Aged Care

The Australian Government, through the Department of Health, made COVID-19 rapid antigen testing (RAT) kits available to residential aged care facilities and short-term

restorative care (aged care services) in high transmission-risk areas and experiencing outbreaks.

Since August 2021, more than 7.6 million RATs have been distributed to aged care facilities. More than 78 million have been purchased by the Australian Government and these are being prioritised for aged care.

Sonic Weekly Testing

As at 25 January 2022, under contract with the Commonwealth, Sonic Healthcare has conducted 1,489,518 COVID 19 tests at 2,892 unique residential aged care facilities (RACFs) nationally. Of the 1,489,518 tests conducted, 18,961 have been positive.

Vaccination in Residential Aged Care Facilities

As at 28 January 2022, a total of 460,433 doses have been administered to residents in residential aged care facilities.

The Australian Government's COVID-19 booster vaccination program for residential aged care facilities has commenced. Consistent with the initial vaccine roll-out to residential aged care, the booster program will start with in-reach clinics, delivered primarily by vaccine administration providers under contract arrangements to the Commonwealth. Boosters can also be delivered by residential aged care facility self-management and GP and pharmacy in-reach clinics.

All facilities scheduled for in-reach through VAS providers are expected to receive boosters by the end of January 2022.

Infection control and audits

The Aged Care Quality and Safety Commission (Commission) conducted an infection control monitoring (ICM) program in all Australian jurisdictions, working in partnership with local health authorities. This program was in addition to the Commission's usual assessment and auditing program, and included spot checks to residential aged care services, without an outbreak, to check compliance with PPE and infection control arrangements.

The purpose of the visit was to observe infection control practices, to ensure that staff, management and visitors were adhering to safe personal protective equipment protocols and to safe infection control arrangements as required under the quality standards.

As at 27 January 2022, the Commission had undertaken 3,002 spot checks to observe infection control practices and PPE protocols in residential aged care facilities. The Commission is transitioning to a COVID-normal regulatory response and has ICM Spot Check Visit program. ICM spot check visits will no longer be undertaken as separate activities and will instead progress within the Commission's usual regulatory operations.

All residential aged care facilities are required to engage an onsite clinical lead to provide leadership and increase capacity in relation to infection prevention and control. The Australian Government is providing a second payment of the COVID-19 supplement to assist facilities in meeting the additional costs of preparing for and responding to COVID-19.

In addition, under the Commonwealth-State Plan to boost aged care preparedness, states and territories are complementing the activity being undertaken by the Commission through additional site visits by state health services at the local level, which includes work relating to infection prevention and control (see Table 3 below). These visits are strengthening state health service relationships with local aged care services as part of the standing up of joint health aged care emergency response centres in each jurisdiction.

The Australian Government is working collaboratively with the states and territories to further bolster infection prevention and control through high quality face-to-face training in the aged care sector. In particular, the Government has committed $57.8 million to fund states and territories to deliver additional targeted infection prevention and control (IPC) training to enhance RACF staff IPC skills; and undertake prevention, preparedness and response activities to address a COVID-19 outbreak in RACFs, including supporting RACFs to uplift

IPC capacity by providing IPC training.
