

The **best time** for pregnant women to get vaccinated is **right now**

If you are planning pregnancy, pregnant or breastfeeding, you should book a free COVID-19 vaccine appointment today.

All household members of pregnant women aged 5 years and over should also get the COVID-19 vaccine.

Talk to your doctor about what is right for you.
For more information and to book your vaccination visit australia.gov.au or call 1800 020 080.

For interpreting services, call **131 450**.
