*Not an indication of percentage vaccinated, numbers will exceed 100 due to multiple doses required per person of the population.
All doses are included for those aged 12 and above, and are based on vaccination provider location.
Identifying as Aboriginal and Torres Strait Islander is optional and the estimated population may be underreported.

**Includes all Aboriginal and Torres Strait Islander peoples who have received a vaccination, not limited to those administered in an ACCHS setting.

#ACCHS in the ACT are currently operating as a Commonwealth Vaccine Clinics so not included to avoid double counting.

##The above table includes all identified Aboriginal and Torres Strait Islander people who are aged 16 and above by their state of residence.

###Aboriginal and Torres Strait Islander peoples

**Number of people vaccinated**

- **419,832** people over the age of 16 have had at least one dose
- **80.0%** of people over the age of 16 have had at least one dose

- **384,519** people over the age of 16 are fully vaccinated
- **73.2%** of people over the age of 16 are fully vaccinated

- **43,476 (60.9%)** people aged 12-15 years have had at least one dose

Updates are available Monday to Friday on participants, and bi-weekly for workers, numbers may be up to four days old.

** Shared accommodation means two or more people with disability living in shared residential accommodation and NDIS participants living in Residential Aged Care accommodation as per the eligibility criteria of Phase 1a. The number of residents changes over time and refinement of methodology can lead to corrections in totals.

*** Total number of workers within the NDIS Commission Worker Screening database who have ever been successfully screened and linked to an NDIS registered provider or participant.

Pandemic Response Payments

**COVID Disaster Payment:**
5.89 million claims received - 2.19 million individuals paid a total of $12.59 billion.

**$200 Income Support Payment:**
353,000 claims received - 183,000 individuals paid a total of $268.91 million.

**Pandemic Leave Disaster Payment:**
431,000 claims received - 217,000 individuals paid a total of $295.8 million.

**Victoria**
- Lockdown (#6) from 6 Aug to 28 Oct
- Claiming period ended 9 Dec
- 745,000 people have received at least one COVID Disaster Payment.
- $4.45b paid out as at 16 Jan 2022.
- $17,000 paid in initial and reoccuring payments in the week ending 16 Jan 2022.

**Northern Territory**
- Lockdown (#8) from 16 Nov to 22 Nov
- Claiming period ends 27 Dec
- 7,500 people have received at least one COVID Disaster Payment.
- $6.9m paid out as at 16 Jan 2022.
- $3,000 paid in initial payments in the week ending 16 Jan 2022.

**New South Wales**
- Lockdown from 24 Jun to 10 Oct
- Claiming period ended 27 Nov
- 1.08m people have received at least one COVID Disaster Payment.
- $7.48b paid out as at 16 Jan 2022.
- $5,000 paid in initial and reoccuring payments in the week ending 16 Jan 2022.

**Australian Capital Territory**
- Lockdown from 12 Aug to 14 Oct
- Claiming period ended 25 Nov
- 65,000 people have received at least one COVID Disaster Payment.
- $344.7m paid out as at 16 Jan 2022.
- $50 paid in initial and reoccuring payments in the week ending 16 Jan 2022.

About this data
• Ordered – Total doses delivered to sites. Based on logistics provider data. This figure includes doses allocated for administration in the coming week.
• Available – total doses that could have been administered to date, less doses re-distributed from States & Territories to Primary Care or Aged Care & Disability (i.e. does not include those deliveries recently received, and intended for use in the coming week).
• Administered – Doses administered as at 16 January 2022.
• The dose utilisation is calculated based on the total doses administered and a small % wastage in line with international standards in relation to total available doses.
• For Aged Care & Disability, the doses available for administration is for the full period (up to 16 January 2022).
• Aged Care & Disability utilisation is not provided as the in-reach rollout is demand-based, with vaccines ordered based on resident numbers.
