Word limit 250

C1.6 How will these risks be managed?

Word limit 250

C1.7 Approximately how many additional residential respite bed days per annum will be provided at this service as a result of this proposal?

SECTION 2 – EXISTING SERVICE PROPOSAL

INSTRUCTIONS

When completing this section, you may wish to include references (which must include page numbers) to other relevant documents which may be attached to support the application.

The Application Guide contains detailed information, including definitions and the requirements of each question

It is important that applicants understand the implications of changes to the rate of subsidy and supplements that would result from an increase to the total number of places allocated to a service.

For example, increasing the number of places may impact the size of home points, which is used in the calculation of the viability supplement component of funding. Details can be found in the [Aged Care \(Subsidy, Fees and Payments\) Determination 2014](#) at <https://www.legislation.gov.au/Details/F2021C01020>

C2.1 Provide a description of the proposal to expand aged care service delivery at this service.

The service proposal should include (but is not limited to):

- evidence that demonstrates the current and ongoing need in the area for additional flexible aged care places.
- relevant workforce information that demonstrates the service’s ability to deliver increased aged care services
- any relevant information about the infrastructure for the site and the interface between health and aged care services
- how the additional places will:
 - improve access to care
 - increase coordination, flexibility and innovation in the delivery of care in the area
 - be cost effective
 - provide care that is appropriate for care recipients who are people with special needs as defined in the Aged Care Act 1997 and/or people with dementia
 - provide continuity of care for current and future care recipients
- how the organisation engages with the local community, existing service providers and agencies in the area and evidence of support from relevant parties for additional places.
- details of the physical environment that care recipients will be in. You may include a copy of the floor plan.
- and any other relevant information to support the allocation of additional places.

Word limit 1000
