COVID-19 Vaccine Roll-out

31 March 2022
Total vaccine doses

19,960,032 people have had at least one dose

>95% of people over the age of 16 have had at least one dose

19,615,002 people are fully vaccinated

>95% of people over the age of 16 are fully vaccinated

12,877,035 people over the age of 16 who have received more than two doses

56,422,055 total vaccine doses administered nationally as at 30 March

+62,616 recorded in the last 24 hours

NSW 17,525,010 (+16,524 daily increase)

VIC 14,879,325 (+14,392 daily increase)

QLD 10,688,756 (+13,302 daily increase)

WA 6,165,748 (+8,653 daily increase)

TAS 1,268,332 (+2,120 daily increase)

SA 3,885,528 (+4,489 daily increase)

ACT 1,457,523 (+2,234 daily increase)

NT 551,833 (+902 daily increase)

Data as at: 30 Mar 2022

34,798 doses administered to persons residing in other territories or with missing residential information

Data as at: 30 Mar 2022

* Sourced from the Australian Immunisation Register. Includes all persons vaccinated at participating residential aged care, disability and related industry settings.
** State level breakdown indicates the residential location and may not align to the state in which the vaccination occurred.
# Numbers are calculated as difference in daily cumulative reported numbers to allow for historical corrections in all data sources. This can occasionally result in negative numbers, such as for VIC, SA and NT, where historical details about doses have been updated.

Source: the NDIS Commission has established a requirement for registered NDIS providers who provide intensive disability support services to report on the vaccination status of workers they employ, or otherwise engage, to deliver NDIS-funded supports and services, and who are required to be vaccinated in accordance with in-force state and territory public health orders. The statistics reflect data reported to the NDIS Commission by registered NDIS providers and should be considered indicative and subject to change.

Note: Some registered NDIS providers are yet to report on the vaccination status of their workforce. The NDIS Commission is working with those providers around reporting requirements.

Remaining workers not included include those exempt from vaccination requirements, workers whose vaccination status is not yet verified by the provider (such as workers on leave) and provider reporting anomalies.

Source: Linkage between National Disability Insurance Agency data and the Australian Immunisation Register. Includes participants residing in disability accommodation only.

Source: Total NDIS participant numbers as at 28th February. Participant data as at 23 March. Australian Immunisation Register data as at 23 March. Worker data as at 24 March.

*Sourced from the Australian Immunisation Register. Numbers are calculated as difference in daily cumulative reported numbers to allow for historical corrections.*
Doses at equivalent stages of rollout (Day 401)

The x-axis is truncated at the length of Australia’s vaccination program. Countries with intermittent reporting have had their doses per 100 imputed to Australia’s current stage of rollout. Israel excluded as it is beyond scale of the graph.

Cumulative doses administered (30 Mar): 56,422,055

Note: From 11 January 2022, data for Australia includes all doses administered to people 5 and over. Prior to 11 January, data was for 12 and over.
