Dear ^{s47F}

Thank you for your response to the Department of Health's Request for Quote sent to you on ^{s47G}. Your timely engagement with us on this matter is greatly appreciated. As you can imagine with recent events, the Commonwealth is keen to obtain Rapid Antigen Testing (RAT) kits to support the Australian community.

s33

The Commonwealth wishes to place an order on the following basis:

- ^{s33 and s47G}
- All deliveries will have a remaining shelf life of at least twelve months from the date of delivery and must include relevant accompanying information that is in English with specifications and instructions consistent with Australian Register of Therapeutic Good registration.
- ^{s47G}

No additional costs will be borne by the Commonwealth beyond the price listed above, unless expressly approved by the Department of Health.

Prior to acceptance of this order, the Department requires that your organisation maintains product liability insurance^{s47G}

s47G

The order is placed on the basis of a commitment to work with your organisation consistent with terms and conditions noted in this letter. More substantial and formal contractual arrangements will follow in the coming days which will define the requirements for the deliveries contemplated in this order.

It is important to note that the Department does not wish to materially alter access to RAT kits for the rest of the Australian community, and we ask that you confirm your ability to support other sources of demand across the Australian community in parallel with this order.

The Department values the relationship that it has with your organisation and acknowledges the long-standing contribution that your organisation has provided to the health of Australians. The Commonwealth commits to work with you in the same spirit and in good faith, and we expect our partners at this challenging time to operate on a similar basis.

Please respond confirming the aforementioned arrangements, agreeing to complete the order as defined in this letter.

If you have any questions at all in this regard, please contact Mary Farrugia, A/g Assistant Secretary, Health Economics and Modelling Branch (mary.farrugia@health.gov.au)
