OFFICIAL

Hi s22 and s22 ,

Attached is the email from s22 about data exchange under the MOU.

- 1) If you could kindly copy our team in when sending the BDF Supplement (food and nutrition) raw data for Q1 and Q2 to s22 @agedcarequality.gov.au that would be much appreciated. As discussed, if we find any insights we'll let you know.
- 2) please feel free to send our team any draft reports, briefs or analysis reports that unpacks what you've seen thus far.
- 3) when the document is in satisfactory stage, we'd like to see the s22 analysis.

For own notes:

- 1) Commission to see if we can send over any updates from s22 about the Food and Dining Experience Campaign.
- 2) s22 mentioned getting the BDF data into s47E(d), either separately to, or as part of the Quarterly ACFR.
- 3) potential observations by the public about whether the avg \$ per resident per day figures will be understood positively or negatively, in the context that the BDF supplement itself is \$10 per resident per day.
- 4) Discussion about the role of the Commission re: non-reporting, and the reporting of outliers. Including the difference between statutory vs other reporting, and how outliers may not necessarily trigger immediate action, but rather they inform the Commission about the overall risks at the service. (as we do with any other intel).

Dear ACQS Team,

Setting up our monthly Food and Nutrition meeting.

FYI, we will have a new colleague beginning with us next week who I will introduce and add to the meetings.

Looking forward to catching up then.

Kind regards,

s22
