About this data

- Ordered Total doses delivered to sites. Based on logistics provider data. This figure includes doses allocated for administration in the coming week.
- Available total doses that could have been administered to date, less doses re-distributed from States & Territories to Primary Care or Commonwealth Vaccination Providers (i.e., does not include those deliveries recently received, and intended for use in the coming week).
- Administered Doses administered as at 15 May 2022.
- Stock on Hand at Sites Available doses minus Administered doses and a small % wastage.
- The dose utilisation is calculated based on the total doses administered and a small % wastage in line with international standards in relation to total available doses.
- For Commonwealth Vaccination
 Providers, the doses available for administration is for the full period (up to 15 May 2022).
- Commonwealth Vaccination
 Providers utilisation is not provided as the in-reach rollout is demand-based.
