

# COVID-19 outbreaks in Australian residential aged care facilities

## National snapshot

As at 8:00 am 22 July 2022 there are 9,537 active COVID-19 cases in 1,013 active outbreaks in residential aged care facilities across Australia. Of these, 6,118 cases are in residents and 3,419 cases are in staff.

**Table 1: Aged Care COVID-19 data as at 8.00am 22 July 2022<sup>1</sup>**

<b>Active outbreaks</b>	<b>1,013</b>
Resident cases – total cases associated with active outbreaks	12,596
Resident cases – total cases currently active (total cases minus recovered cases and deceased)	6,118
Staff cases – total cases associated with current active outbreaks	6,938
Staff cases – total cases currently active (total cases minus recovered cases and deceased, noting no deaths recorded to date)	3,419
Total number of deaths since the start of the pandemic	3,218
Total number of residential aged care facilities that have had an outbreak - Cumulative total since the beginning of the pandemic	2,654 <sup>2</sup>
Total number of outbreaks at residential aged care facilities – Cumulative total since the beginning of the pandemic	6,846
Resident cases – Cumulative total since the beginning of the pandemic	71,848
Staff cases - Cumulative total since the beginning of the pandemic	51,767

<sup>1</sup> Includes transition care

<sup>2</sup> This only includes outbreaks – defined as one or more positive resident or two or more positive staff cases.

## Analysis

### Current situation in Australia

Joint arrangements are in place in all states and territories to support facilities with outbreaks and additional support for State emergency operation centres is being provided as the need arises. In Victoria, the Victorian Aged Care Response Centre is also fully operational, with Commonwealth and Victorian Government officials working closely together in a coordinated effort to respond to aged care outbreaks across the state.

As at 9 pm, 21 July 2022 there has been a total of 8,966,804 cases of COVID-19 reported, including 363,001 active cases and 10,968 deaths in Australia.

- 1,013 active outbreaks in residential aged care facilities nationally – 322 in NSW, 211 in Victoria, 109 in SA, 219 in QLD, 31 in TAS, 5 in the NT, 13 in the ACT, and 103 in WA.
- 6,118 residents and 3,419 staff currently COVID-19 positive in active outbreaks. Of the residents, 1,963 are in NSW, 1,374 in Victoria, 530 in SA, 1,207 in QLD, 212 in TAS, 52 in the NT, 91 in the ACT, and 689 in WA. Of the staff, 952 are in NSW, 624 in Victoria, 369 in SA, 931 in QLD, 99 in TAS, 27 in the NT, 42 in the ACT, and 375 in WA.
- 2,301 reported deaths in 2022 (a total of 3,218 since beginning of pandemic: 686 in 2020; 231 in 2021 and 2,301 in 2022).

Case numbers and numbers of deaths are dependent upon reporting from facilities and validation of deaths from state and territory governments. In some cases this may be delayed, reflecting case numbers reported during a period rather than necessarily occurring during this period.

Determining cause of death rests with the States and Territories. In many cases where the resident has comorbidities, confirming a COVID death may take time and be impacted by findings from coronial inquiries. Reported COVID deaths are subject to change following these inquiries.

Further investigations are underway with State and Territory Governments to confirm 2021 and 2022 numbers reflect official and agreed deaths data.

Given the high caseload in January 2022 cases were not being identified as resolved and had been previously reported as active cases. Instead, all cases associated with active outbreaks (recovered, deceased and active) were being reported.

These numbers are under constant review and confirmation from facilities. Cases are considered to be resolved once a resident or staff member ceases to be symptomatic and has completed their isolation period, in line with national guidance.

An outbreak is considered to be active pending advice from the relevant Public Health Unit. This typically occurs when there are no longer any symptomatic or potentially infectious cases and will occur after the isolation period.

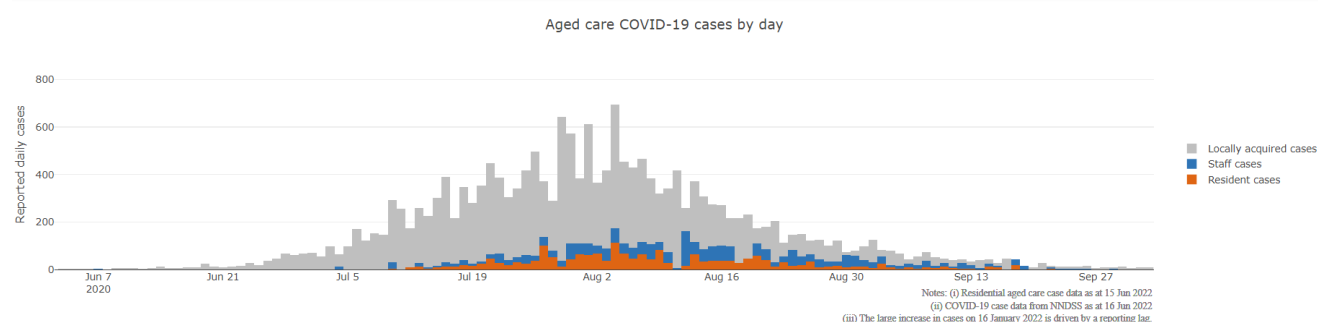

All numbers are subject to further change as additional information is reported to the Department of Health and Aged Care, including directly from providers through the COVID-19 Support Portal on My Aged Care. On 28 February 2022 data collection processes moved from case manager collection to service self-reporting via this online portal.

On 1 April 2022, additional deaths were included following a reconciliation of data provided by New South Wales Health, including 1 in 2020, 5 in 2021 and 58 in 2022.

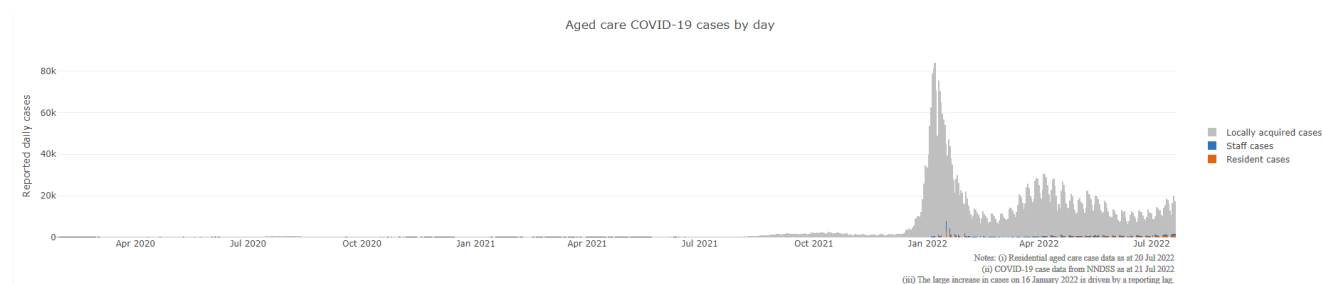

For the purposes of this report, an 'active outbreak' is a facility that has recorded one or more resident or two or more staff cases. This differs from definitions in the *Communicable Disease Network Australia (CDNA) national guidelines for the prevention, control and public health management of COVID-19 outbreaks in residential care facilities in Australia*. Under the CDNA Guidelines, an outbreak is defined as two or more residents or 5 or more staff, resident or visitor cases.

**Figure 1: Number of daily reported COVID-19 cases in Australian residential aged care Facilities overlayed with national locally acquired cases<sup>3</sup>**

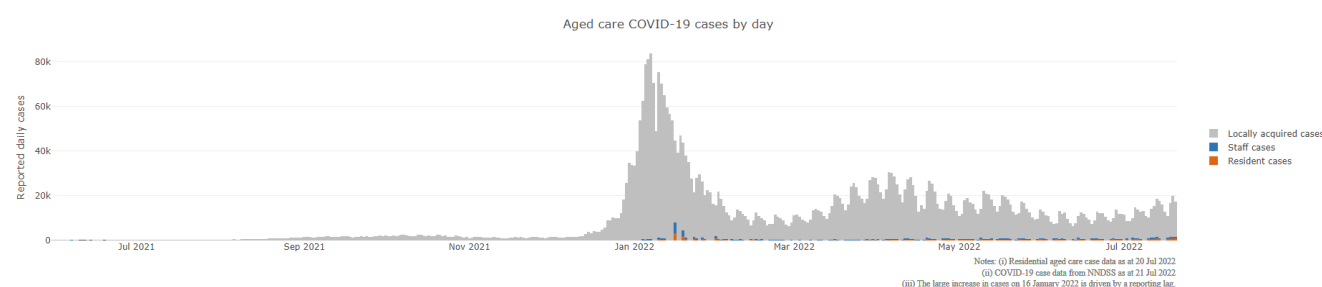

**June 2020 to October 2020**

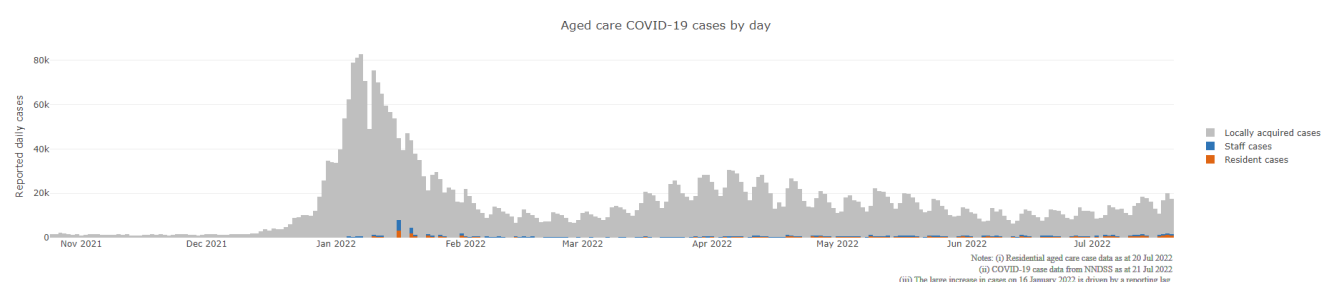

**April 2020 to July 2022**

**June 2021 to July 2022**

**November 2021 to July 2022**

## International comparisons

During the COVID-19 pandemic, no country has been able to avoid outbreaks or deaths in residential aged care when there has been widespread community transmission.

<sup>3</sup> National daily cases sourced from NNDSS data and filtered to locally acquired cases. Case numbers reflect the date of reporting which may differ to diagnosis date. Residential aged care facility staff and resident data reflects data reported to the Department of Health and Aged Care. Totals reflect the date of case report and may be affected by delayed reporting.

The Australian death rate is 1.29% per cent (12.9 in 1,000) against the total number of residential aged care beds across the country. By comparison, Canada has experienced over 6 times the number of deaths in care homes than Australia as at 5 July 2022.

- As at 5 July 2022, Canada has experienced 39,725 deaths. This includes 17,177 deaths at residential in care homes (or 43 per cent).
- 63 per cent of all aged care homes in Canada have had reported cases of COVID-19 in residents or staff (compared to 97 per cent in Australia).

### Workforce in active residential aged care outbreaks

As at 22 July 2022, workforce surge staff have filled 119,765 shifts in aged care services impacted by COVID-19, these shifts include roles for GPs, nurses, care workers, allied health workers, executive and ancillary staff. This includes:

**Table 2: Workforce resources supplied to residential aged care facilities**

Agency	Resources Supplied (as at 22 July 2022)
State and NACER (National Aged Care Emergency Response) Teams	Tasmanian Government: 7 clinical and 2 support staff. Western Australian Government: 19 clinical personnel and 4 support staff. South Australian Government: 18 clinical personnel and 4 support staff. 12 NACER teams (70 personnel) have been deployed. The deployment of State and NACER teams is now complete.
Recruitment, Consulting, and Staffing Association (RCSA)	Staff supplied to fill 73,339 shifts.
Healthcare Australia	Staff supplied filled 10,096 shifts for workforce surge and 2,295 shifts for NACER teams (now complete).
Mable	Supplied 130 staff to fill 2,711 shifts.
Aspen Medical	17,949 shifts filled, including clinical first responder deployments.
Health X	Supplied 103 staff to fill 9,320 shifts.
Torrens Health	Supplied 4,055 shifts in surge workforce roles.
Residential Aged Care Visitation Assistant (RACVA)	RACVAs completed 2,733 shifts.

As at 21 July 2022, the Australian Defence force (ADF) has 24 personnel deployed. A cumulative total of 477 facilities have been supported so far.

ADF has 10 teams that consist of clinical personnel to augment existing workforce resources. Additionally, there is an 6-member Defence Planning and Coordination Team working with the Department of Health and Aged Care in Canberra.

In the course of the response, ADF personnel have been deployed to all states and territories except ACT.

### **Provision of personal protective equipment (PPE)**

A range of resources and online training on the use of PPE is available on the Department's website for aged care workers.

Since March 2020, the Commonwealth Government has been working with state and territory governments to ensure aged care facilities have sufficient PPE. PPE is dispatched both directly from the National Medical Stockpile (NMS) and by jurisdictions on the NMS' behalf, depending on the specific circumstances.

In total, as at 21 July 2022, the NMS has provided residential aged care facilities with approximately:

- 91.8 million masks
- 40.5 million gowns
- 122.1 million gloves
- 32.6 million goggles and face shields
- 220,000 bottles of hand sanitiser
- 55.5 million RAT kits

### **Testing of aged care residents and staff**

#### **Rapid Antigen Testing for Aged Care**

The Australian Government, through the Department of Health and Aged Care, made COVID-19 rapid antigen testing (RAT) kits available to residential aged care facilities and short-term restorative care (aged care services) in high transmission-risk areas and experiencing outbreaks.

Since August 2021, 57.8 million RATs have been distributed to aged care facilities. More than 95 million RAT tests have been purchased by the Australian Government and these are being prioritised for aged care.

#### **Sonic Aged Care Testing**

As at 19 July 2022, under contract with the Commonwealth, Sonic Healthcare has conducted 2,203,717 COVID 19 PCR tests at 3,144 residential aged care facilities and aged care services nationally. Of the 2,203,717 PCR tests conducted, 60,006 have been positive.

#### **Vaccination in Residential Aged Care Facilities**

The Australian Government's COVID-19 vaccination program is delivering in-reach vaccine services for aged care residents and workers across Australia, through Commonwealth vaccine providers, primary care and self-vaccination services by aged care providers.

The Government continues to provide all residential aged care facilities with access to COVID vaccination clinics to ensure residents have every opportunity to get their fourth dose. As at 21 July 2022, there are currently 131,299 residents eligible for fourth doses. In total 100,776 (76.8% of eligible residents) residents have received a fourth dose.

As at 22 July 2022, a total of 628,969 doses of COVID-19 vaccines have been administered to residents in residential aged care facilities.

## Oral antiviral treatments

Distribution of the oral anti-viral Lagevrio (Molnupiravir) commenced on 6 February 2022 to all RACFs with outbreak sites prioritised for delivery. The National Medical Stockpile has deployed 48,269 treatment courses of Lagevrio (Molnupiravir) to aged care facilities.

13,500 prescriptions for Lagevrio (Molnupiravir) have been issued to residents in residential aged care facilities, with a further 279 prescriptions for Paxlovid (nirmatrelvir + ritonavir) also issued up to 17 July 2022.

From 11 July 2022, eligibility for antiviral treatments has been broadened to include all Australians aged over 70 who test positive for COVID-19, with or without symptoms. Not being vaccinated has been removed as a risk factor from the criteria for prescription under the PBS. Treatment should be offered to every person 70 years of age or older who tests positive for COVID-19 (regardless of setting), where clinically appropriate, within 24 hours of a positive test. It is expected this will lead to an increase in the number of prescriptions over the coming weeks.

## Infection control and audits

The Aged Care Quality and Safety Commission (Commission) conducts a range of site and non-site activities to monitor and assess residential aged care services, including site audits and assessment contacts (site and non-site) (see Table 3 below). In August 2020, the Commission commenced an infection control monitoring (ICM) spot check program in all Australian jurisdictions.

The ICM spot check program involves on-site visits to residential aged care services, without an outbreak, to check compliance with personal protective equipment (PPE) and infection control arrangements. The purpose of the ICM spot check is to observe infection control practices, to ensure that staff, management and visitors were adhering to safe personal protective equipment protocols and to safe infection control arrangements as required under the quality standards.

As at 21 July 2022, the Commission had conducted 3,761 ICM spot checks to observe infection control practices and PPE protocols in residential aged care facilities.

All residential aged care facilities are required to engage an onsite clinical lead to provide leadership and increase capacity in relation to infection prevention and control.

Under the Commonwealth-State Plan to boost aged care preparedness, states and territories are complementing the activity being undertaken by the Commission through additional site visits by state health services at the local level, which includes work relating to infection prevention and control. These visits are strengthening state health service relationships with local aged care services as part of the standing up of joint health aged care emergency response centres in each jurisdiction.

**Table 3: Total Quality Assessment and Monitoring Activities with residential services (including IPC), by type and month 1 March 2020 to 21 July 2022**

Regulatory Activities	2019-20 (1 Mar - 30 Jun 2020)	2020-21	2021-22	2022-23 (to 21 July 2022)	Total
Site visits	318	3,452	1,734	156	5,660
Non-site activities	3,711	8,390	6,574	165	18,840
Total activities	4,029	11,842	8,308	321	24,500

## Appendix 1: National residential aged care services with Active outbreaks COVID-19

Please note, information reported in this table has been directly reported to the Department of Health and Aged Care by residential aged care facilities. Total incidents refers to all staff and resident cases associated with the active outbreak and may not reflect the count of currently active cases. Where numbers have been incorrectly reported, facilities are able to correct these in the COVID-19 Support Portal through My Aged Care.

NAPS ID	Service Name	State	Resident Cases	Resident Deaths	Staff Cases	Total Incidents
1195	Adria Village Ltd	Australian Capital Territory	9	0	9	18
