Dhooska afaraad ee talaalka COVID-19

8 da Julaay 2022

Qaboobuhu badanaa wuxuu keenaa infakshanada fayraska neefsashada, sida COVID-19. Si loo bixiyo difaaca ugu fiican ee lidka COVID-19, COVID-19 siyaada ah, ama xoojin siyaado ah oo qadarka talaalka ah ayaa lagu talinayaa dadka khatarta ugu jira jirooyinka aadka u daran ee COVID-19. Tani waxa ay noqonaysaa dhooska shanaad ee COVID-19 ee dadka si xun u ah immunocompromised (difaaca jidhka oo liita).

Waa inaad heshaa dhooska afraad ee COVID-19 haddii aad:

- 50 sano ama ka weyn
- degane goobta daryeelka dadka da'da ah ama tas-hiilaadka daryeelka iinta

Waxaad kaloo xaq u leedahay talaalka qaboobaha ee COVID-19 haddii aad jirto 16 sanadood ama ka weyn aadna:

- aad tahay qof aan lahayn difaaca jira
- aad qabto ama ka badbaaday kansarada qaarkood
- aad leedahay iska difaacaha cudurada u baahan daaweyn
- Aad qabto cudur aad u daran kaas oo waxyeellaya sanbabka, beerka, kelyaha, maskaxda, ama wadnaha
- aad qabto sonkor u baahan daaweyn
- aad leedahay iin leh baahiya caafimaad oo qalafsan oo aad u weyn
- aad tahay qof miisaankiisu aad u weyn yahay ama aad u hooseeyo.

Dadka da'doodu u dhaxayso 30 ilaa 49 sano waxay sidoo kale heli karaan dhoos afaraad haddii ay doortaan.

La hadal dhakhtarkaaga haddii aadan hubin inay tahay inaad qaadatid qadarka dhoos afaraad.

Waxaad heli kartaa dhooska afaraad ee COVID-19 haddii ay ka soo wareegtay ugu yaraan **3 bilood** tan iyo dhooska xoojintaada.
