Table 1: Home Care Packages taken up by care recipients, as a proportion of packages released - by package level and jurisdiction

Note 1: Home care packages utilised for upgrades for existing care recipients are excluded from calculations, as they are not representative of initial take up.

Note 2: Care recipients can have up to 84 days from the date of assignment to taking up a package. For this reason, data for 2021-22 Q4 is not yet available as the take-up period has not expired.

Note 3: Quarterly take up rates should not be averaged to determine a yearly take up rate.
