

## Public summary document

**Product:** Coloplast SenSura Mio Concave One Piece Drainable

**Applicant:** Coloplast Pty Ltd

**Date of Meeting:** 26 April 2022

### 1. Proposed Variation on the Stoma Appliance Scheme

The applicant, Coloplast, sought a change in the product description of 4 variants to the current listing of the Coloplast SenSura Mio Concave One Piece Drainable (SAS Code 80134N) in subgroup 2(b) of the Stoma Appliance Scheme (SAS) Schedule. The product, including 14 variants, is currently listed at a unit price of \$6.373, with a maximum monthly quantity of 30 units.

### 2. Variation sought

The applicant requested a change in product description of 4 products from the SAS Code 80134N from *small* to *midi* under product codes 18271, 18272, 18273 and 18281.

Additional product codes have variations for this application, see additional details under 7. *Addendum*.

### 3. Background

This product was first listed on the SAS Schedule on 1 September 2018.

### 4. Financial Analysis

This variation is unlikely to have a budgetary impact for the SAS as the variation is only to product descriptions for 12 variants listed under the current SAS Code 80134N.

### 5. SPAP Recommendation

The Panel deferred the application at the April 2022 meeting. The Panel sought further information from the supplier to clarify the intent of the submission.

### 6. Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. A company can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

### 7. Addendum

The applicant, Coloplast, provided additional information for this application and subsequently the Panel recommended the application. The Panel recommended the change of product description of 12 variants to the current product range for Coloplast SenSura Mio Concave One Piece Drainable (SAS Code 80134N) listed in subgroup 2(b) of the SAS Schedule at the unit price of \$6.373, with a maximum monthly quantity of 30 units. The product codes under the SAS Code 80134N to be amended are: 18251, 18252, 18260, 18262, 18263, 18270, 18271, 18272, 18273, 18280, 18281 and 18364.

### 8. Applicant's Comment

The applicant noted the SPAP recommendation.
