

Public summary document

Product: Coloplast SenSura Mio – One-Piece Soft Convexity Urostomy

Applicant: Coloplast Pty Ltd

Date of Meeting: 26 April 2022

1. Proposed Variation on the Stoma Appliance Scheme

The applicant, Coloplast, sought the addition of one variant to the current listing of the Coloplast SenSura Mio – One-Piece Soft Convexity Urostomy (SAS Code 80043T) in subgroup 3(b) of the Stoma Appliance Scheme (SAS) Schedule. The product, including 3 variants, is currently listed at a unit price of \$6.373 with a maximum monthly quantity of 30 units.

2. Variants to be added

The applicant requested the following variants be added to the existing listing for SAS Code 80043T.

Product Code	Description
13678	Non-return valve multi chamber, transparent with fabric backing, 440ml, large, belt loops on both sides of baseplate, adapter for connection to drainage bag, plug closure, standard headspace, hydrocolloid, oval, hydrocolloid self-adhesive, standard, cut-to-fit, 10mm-50mm, firm baseplate material, medium convexity, release tabs
13679	Non-return valve multi chamber, opaque with fabric cover on both sides, 440ml, large, belt loops on each side of pouch, adapter for connection to drainage bag, plug closure, hydrocolloid, 1.3mm, oval, hydrocolloid self-adhesive, standard, cut-to-fit, 10mm-33mm, firm baseplate material, medium convexity, release tabs
13680	Non-return valve multi chamber, opaque with fabric cover on both sides, 440ml, large, belt loops on each side of pouch, plug closure, adapter for connection to drainage bag, standard headspace, hydrocolloid, 1.3mm, oval, hydrocolloid self-adhesive, standard, pre-cut, 25mm-33mm, firm baseplate material, medium convexity, release tabs

Additional codes will have variations, see additional details under 7. *Addendum*.

3. Background

This product was first listed on the SAS Schedule on 1 April 2016.

4. Financial Analysis

Listing 3 variants and amending 2 variants to the current product range is unlikely to have a budgetary impact for the SAS.

5. SPAP Recommendation

The Panel deferred the application at the April 2022 meeting. The Panel sought further information from the supplier to clarify the intent of the submission.

6. Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. A company can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

7. Addendum

The applicant, Coloplast, provided additional information for this application and subsequently the Panel recommended the application.

The Panel recommended the addition of 3 variants to the current product range for Coloplast SenSura Mio (SAS Code 80043T) listed in subgroup 3(b) of the SAS Schedule at the unit price of \$6.373, with a maximum monthly quantity of 30 units. The new product codes to be added to SAS Code 80043T are: 13679, 13680 and 13678.

The Panel also recommended the change in product description to amend the product colour of 2 variants to the current product range for Coloplast SenSura Mio (SAS Code 80043T). The product codes to be amended under the SAS Code 80043T are 16805 and 16810.

8. Applicant's Comment

The applicant noted the SPAP recommendation.
