3. Background

This product was first listed on the SAS Schedule on 1 October 2014.

4. Clinical Place for the Product

Not Applicable.

5. Financial Analysis

Listing one additional variant under the current SAS Code 80031E is unlikely to have a budgetary impact for the SAS.

6. SPAP Secretariat Comment

The SPAP Secretariat noted that the sponsor ConvaTec advised a deletion request is to follow for the predecessor, ConvaTec Silesse Skin Barrier Pump Spray (SAS Code 80031E) when remaining stock is exhausted. The SPAP Secretariat noted that ConvaTec Silesse Skin Barrier Pump Spray and ConvaTec Esenta Skin Barrier Pump Spray are identical products in composition.

7. SPAP Secretariat Recommendation

As this was only an administrative change, this request was agreed by the Secretariat. The SPAP Secretariat recommended the addition of one variant to the current product range for ConvaTec Silesse Skin Barrier Pump Spray (SAS Code 80031E) listed in subgroup 9(k) of the SAS Schedule at the unit price of \$14.70, with a maximum monthly quantity of one unit. The product code to be added under the SAS Code 80031E is 423286.

8. Context for Recommendation

The SPAP Secretariat, in accordance with the SAS Application and Assessment Guidelines, can process variations to products where there is no change to classification, pricing, maximum quantity or composition. All recommendations are subject to Government approval.

9. Applicant's Comment

The applicant noted the SPAP Secretariat recommendation.
