

## Public summary document

**Product:** ConvaTec Sur-Fit Natura Durahesive Wafer

**Applicant:** ConvaTec Australia Pty Ltd

**Date of SPAP Meeting:** 26 April 2022

### 1. Proposed Listing on the Stoma Appliance Scheme

The applicant, ConvaTec Australia Pty Ltd, sought listing of the ConvaTec Sur-Fit Natura Durahesive Wafer in subgroup 4(b) of the Stoma Appliance Scheme (SAS) Schedule. The product (2 variants) was proposed for listing at a unit price of \$4.742, with a maximum monthly quantity of 20 units.

### 2. Comparator

The applicant nominated ConvaTec Sur-Fit Plus (SAS Code 3680Q) as the comparator. The product is currently listed in subgroup 4(b) of the SAS Schedule at the unit price of \$4.742, with a maximum monthly quantity of 20 units.

### 3. Background

This was the Stoma Product Assessment Panel's (the Panel) first consideration of this product.

### 4. Clinical Place for the Product

The proposed product is an alternative for users requiring a two-piece baseplate.

### 5. SPAP Comment

The Panel noted that the sponsor, ConvaTec Pty Ltd, advised a deletion request is to follow for the comparator, ConvaTec Sur-Fit Plus (SAS Code 3680Q). There are currently 4 variants listed on the Schedule which are cut-to-fit of various sizes: 28mm, 34mm, 41mm and 50mm. The products requested in this submission are cut-to-fit of 38mm and 45mm. At the time of the deletion request for Sur-Fit S925 range, the Panel will require the sponsor ConvaTec to provide information on the potential impact on patients of the reduction in options for this range of products.

### 6. Clinical Analysis

The Panel noted that the proposed product is a replacement for the comparator, ConvaTec Sur-Fit Plus (SAS Code 3680Q) and the sponsor ConvaTec stated that no further clinical evidence is warranted due to the new product being comparable to the predecessor.

### 7. Economic Analysis

The Panel noted that the proposed product is a replacement for the comparator, ConvaTec Sur-Fit Plus (SAS Code 3680Q) and the sponsor ConvaTec stated that no economic analysis is required due to the new product being comparable to the predecessor.

### 8. Financial Analysis

Listing of this product is unlikely to have a budgetary impact for the SAS.

### 9. SPAP Recommendation

The Panel recommended that the ConvaTec Sur-Fit Natura Durahesive Wafer be listed in subgroup 4(b) of the SAS Schedule with 2 variants, at the unit price of \$4.742, with a maximum monthly quantity of 20 units.

## **10. Context for Recommendation**

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. A company can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

## **11. Applicant's Comment**

The applicant noted the SPAP recommendation.
