### 1. Proposed Variation on the Stoma Appliance Scheme

The applicant, Omnigon, sought a change in description of one variant to the current listing of the Omnigon BBraun Flexima Active (SAS Code 80165F) in subgroup 3(b) of the Stoma Appliance Scheme (the Scheme) Schedule. ### 2. Reason for variation

The applicant requested a change in product description for one product listed on the existing product range for Omnigon BBraun Flexima Active (SAS Code 80165F) under company code 4641715, to amend how product dimensions are described.

### 3. Background

This product was first listed on the SAS Schedule 1 May 2017.

### 4. Financial Analysis

This variation is unlikely to have a budgetary impact for the SAS as the only change is to the product description for one variant listed under the current SAS Code 80165F.

### 5. SPAP Recommendation

The Panel deferred the application at the April 2022 meeting. The Panel requested further information to clarify the intent of the application.

### 6. Context for Recommendation

The Panel provides advice on whether stoma products should be subsidised and, if so, the conditions of their subsidisation in Australia. Applications are considered in this context. Panel advice not to recommend listing or changes to a listing does not represent a final Panel view about the merits of a particular stoma product. A company can resubmit to the Panel following advice not to recommend listing or changes to a listing. The Panel is an advisory committee and as such its recommendations are non-binding on Government. All Panel recommendations are subject to Government approval.

### 7. Addendum

The applicant, Omnigon, provided additional information for this application and the Panel subsequently recommended the application to change the product description for current listing of Omnigon BBraun Flexima Active (SAS Code 80165F) in subgroup 3(b) of the SAS Schedule at the unit price of \$6.373, with a maximum monthly quantity of 30 units. The product code to be amended under the SAS Code 80165F is 4641715.

### 8. Applicant's Comment

The applicant noted the SPAP recommendation.
