# Metadata

**People with at least one dose.** The count of all people who have received at least one dose of an eligible vaccine. People with at least one dose encompasses people received two doses and people with only one dose.

**People received two doses.** Total people with two doses of any vaccine type.

**People eligible received three doses.** Total people received three doses by the number of individuals eligible in the region.

**AIR Population.** A distinct count of persons recorded on the Australia Immunisation Register.

**Statistical Area Level 4 (SA4).** Geographic boundaries established as part of the Australian Statistical Geography Standard (ASGS). SA4s are required to have large populations of over 100,000 people and are based around labour markets. SA4s are aggregations of whole Statistical Area Level 3 (SA3) boundaries and fit within whole state and territory boundaries.

## Update Information:

Vaccine data is sourced from the Australian Immunisation Register as at 11:59pm 14 September 2022 including individuals aged 16 and over.

AIR population is sourced from the Australian Immunisation Register as at 11:59pm 14 September 2022 including individuals aged 16 and over.
