Department of Health and Aged Care

Local Government Area (LGA) COVID-19 Vaccine Rates

07 September 2022

Data caveats:

Note on areas with large remote and very remote areas:

The process of geocoding addresses in very remote areas and remote areas can lead to artificially low vaccine dose count records in those areas (as addresses cannot be 'pinpointed' to a specific client location, and therefore LGA). The areas have been highlighted to indicate they are remote or very remote.

Methodology underpinning LGA Remoteness classification:

LGA 'remoteness' is calculated by assigning a modal remoteness value for each LGA, based on where the majority of the population in each LGA live - using 2016 Census meshblock population counts. Remote and Very Remote classifications accord with the same values if using the Modified Monash Model of remoteness.

Population cell values less than 200 have been suppressed for Privacy. Similarly, Coverage rates have been suppressed for regions with populations under 20.

Metadata

People with at least one dose. The count of all people who have received at least one dose of an eligible vaccine. People with at least one dose encompasses people received two doses and people with only one dose.

People received two doses. Total people with two doses of any vaccine type.

People eligible received three doses. Total people received three doses by the number of individuals eligible in the region.

AIR Population. A distinct count of persons recorded on the Australia Immunisation Register.

Local Government Area (LGA). Local Government Areas are an ABS approximation of gazetted local government boundaries as defined by each State and Territory Local Government Department. Local Government Areas cover incorporated areas of Australia. Incorporated areas are legally designated parts of a State or Territory over which incorporated local governing bodies have responsibility. The major areas of Australia not administered by incorporated bodies are the northern parts of South Australia, and all of the Australian Capital Territory and the Other Territories. These regions are identified as 'Unincorporated' in the ASGS Local Government Areas structure.

Update Information:

Vaccine data is sourced from the Australian Immunisation Register as at 11:59pm 06 Sep. 2022 including individuals aged 16 and over.

AIR population is sourced from the Australian Immunisation Register as at 11:59pm 06 Sep. 2022 including individuals aged 16 and over.
