

COVID-19 vaccinations for kids 5 years and older are now available.

All vaccines approved for use in kids and young people are rigorously tested, and help reduce the risk of them getting really sick from the virus.

Book today by calling **1800 020 080** or visit **health.gov.au**

COVID-19
✓ **VACCINATION**

Some children aged 6 months to under 5 years who are at high risk of serious sickness from COVID-19 may be eligible to receive a vaccination. Have a yarn with your health worker.
