Third Report to the Commonwealth - Katungul Capital Program.docx

s22

Please find attached the Centre for Aboriginal Health's six monthly report on the Katungul Capital Works Program s22

As stated in the report we seek further advice from OATSIH regarding the future progress of this capital program.

Thanks

**Centre for Aboriginal Health
Third Progress Report on Katungul Aboriginal Corporation Community & Medical
Services
Capital Works Program**

This report represents an overview of the progress from 1 July 2011 to 31 December 2011 of the Capital Works Program for Katungul Aboriginal Corporation Community & Medical Services (Katungul) of Narooma, NSW.

Overview

No significant progress has been made on this project and Katungul is now under special administration.

In September, prior to being under special administration, Katungul provided the Centre for Aboriginal Health (CAH) with a letter from Wagonga Local Aboriginal Lands Council (attached in email) in which the Lands Council states that its members have unanimously voted to remove the land claim on the site which the Functional Brief had indicated as the preferred option.

Unfortunately, due to the upheaval that proceeded at Katungul thereafter, CAH has been unable to pursue this further.

CAH plans to raise the capital program with the special administrator.

No Commonwealth funding provided to NSW Health for this project has been expended to date.

Conclusion

CAH seeks advice from OATSIH with reference to further pursuit of this capital program.
